

## Addendum to the City of Columbus and Smithville Digital Conduit System Agreement

This is an addendum to the agreement signed by the Parties on 25 September, 2007.

Smithville Digital will provide managed Gigabit fiber optic connectivity from the 10<sup>th</sup> and Central Avenue hand hole to the hand hole at the Columbus Utilities building on McClure Road.

Smithville Digital will furnish and install duct and fiber as specified in the RFP response dated June 2, 2008. Smithville Digital will provide the 12-fiber drop from the McClure hand hole to the inside of the Utility building per the RFP at no cost to the city. The traditional non-recurring installation fee of \$1500 will also be waived. Please note that all the above mentioned projects can be completed within ninety (90) days of contract acceptance by the City of Columbus.

Smithville Digital will provide the City of Columbus with ten (10) percent of the revenues generated from the services provided over this new section of the network. Smithville Digital will add \$200/month to the guaranteed minimum monthly payment that is currently \$1900/ month bringing the total to \$ 2100/ month. This increase in the guaranteed minimum payment to the City of Columbus is \$ 12,000 each five year period. The increase is a pro-rata increase based on overall mileage of the City of Columbus conduit system. Additionally this payment is subject to increase per the existing contract.

All other terms and conditions of the 25 September 2007 contract executed by and between the City of Columbus and Smithville Digital shall apply to the extent not modified herein.
