Class Descriptions

Beginner Classes (Intermediate and Advanced, pg. 4)

Levels of Intensity: (1) Beginner with a chair (2) Beginner (3) Intermediate (4) Advanced

Beginner

Balance in Motion (1,2) - Class is designed to improve your balance by strengthening your feet, ankles and legs; improving coordination; and training core strength. It will help improve posture while enhancing reaction and focus.

Silver Sneakers Classic (1,2) - Have fun and move to the music through a variety of exercises designed to increase strength, range of motion and functional movements. Hand-held weights, elastic tubing, chair and a SilverSneakers ball are offered for resistance. Some exercises performed while sitting in a chair.

Silver Sneakers Yoga (1,2) - You will move your whole body through a series of seated and standing yoga poses. Chair support is offered to safely perform a variety of postures to increase range of motion. Restorative breathing exercises and final relaxation will promote stress reduction and mental clarity.

Yoga Basic (1,2) - This class is designed for beginners with a focus on basic postures. Adaptations can be given for those with medical issues.

Yoga Chair (1,2,3) - This class will improve strength and balance as Yoga postures are practiced with a chair as a prop. Class ends with ten minutes of relaxation and reflection.

Beginner to Intermediate

Basic Strength (2,3) - Gain strength and range of motion through traditional strength training exercises.

Cardio & Osteo (2,3) - To improve your cardiovascular and bone health, this low impact aerobic and strength training class uses traditional floor aerobics, free weights, and resistance equipment to help strengthen your heart, muscle and bones. Great for people with osteoporosis, osteopenia and osteoarthritis.

Pilates (2,3) - This class is designed to increase strength of the core. This class may not be appropriate for those recovering or suffering from any type of back injury.

Silver Sneakers Circuit (2,3) - Fun class uses low impact, standing choreography alternated with standing upper body work with hand-held weights, elastic tubing and Silver Sneakers balls. A step-up from Silver Sneakers Classic.

Step (2,3) - Using 4", 6" or 8" platforms, participants perform full body movement patterns to condition the cardiovascular system. Choreography variations demonstrated.

Step & Strength (2,3) - Step class with additional set of exercises added to increase muscular strength and endurance.

Yoga Flow (2,3) - Moving through a series of Yoga postures to improve strength, flexibility and range of motion. Participants must be able to move from standing to floor exercises to find success in this class.

Intermediate and Advanced classes continue next page

Class Descriptions **Intermediate and Advanced** (Beginner classes, pg. 3)

Levels of Intensity: (1) Beginner with a chair (2) Beginner (3) Intermediate (4) Advanced

Intermediate

Body Sculpting (3) - A class using low resistance to sculpt and tone the body. Throughout the class the participant will perform continuous movements to build muscle, increase body temperature and elevate heart rate. Light weights, low reps and intensity variations demonstrated for different fitness levels.

Horizontal Conditioning (3) - Your body weight will be all the resistance you need in this challenging class. If you seek defined muscles and an incredibly strong core don't waste another minute. High intensity class.

Muscle (3) - The participant will explore strength, toning and functional benefits of this exercise class using a variety of resistance and weight equipment to improve body movement and overall health.

Sun Salutation / Warrior Series (3) - Energize your body as you stretch and strengthen all of its major muscle groups in the sun salutation. Gain valuable stretch and increase heart rate moving through three major Warrior Postures.

Intermediate to Advanced

Muscle Fusion (3,4) - Muscle fusion "fuses" the best of both worlds. Double your calorie burn with cardio intervals and define your muscles with higher repetitions using mid-range weights. This class is specially formatted to work each muscle group to achieving failure, then allow proper rest and recovery.

Pump (3,4) - A combination of standing and floor exercise using SPRI Bands, hand weights and stability balls to increase muscle tone and strength.

Xtrain (3,4) - Forget about plateaus! Xtrain is a fat torching, calorie burning program designed to keep your body guessing. It incorporates elements from high intensity interval training, battle ropes, medicine balls, free weights, boxing, core training. Come and see the results!

Note: Please consult your medical provider before starting any exercise program. Warming up and cooling down are essential for a safe and effective exercise routine. Please arrive on time to participate in the warm-up for each class.
